Bob Tomlinson, Assistant Commissioner, was the Presiding Officer duly appointed by Commissioner Praeger.

The Kansas Insurance Department was represented by John Wine, Staff Attorney, and John Boyd, administering the Firefighter Relief Association regulatory activities for the Kansas Insurance Department.

Said Presiding Officer, being fully advised in the premises and giving due consideration to the evidence presented, makes the following findings of fact, conclusions of law, and determination of public policy:

Findings of Fact

At issue is the 2012 and future distributions of the Firefighters Relief Fund to firefighters relief associations throughout the State of Kansas pursuant to the Firefighters Relief Act, K.S.A. 40-1701, et seq. Applicants are contending that changed circumstances exist to warrant a redetermination of proportionate amounts payable to all firefighters relief associations from the Firefighters Relief Fund pursuant to K.S.A. 40-1706. Exempt property was not included in the evidence or used for computation of assessed tangible property valuations in accordance with K.S.A. 40-1706(c)(6) and K.A.R. 40-10-2(d) excluding exempt property. John D. Boyd researched the 2012 Kansas Certified Population and the Kansas Assessed Tangible Property Report in

order to verify the population and valuation data submitted. After reviewing this additional evidence the Presiding Officer makes the following findings of fact:

EXHIBIT 1: The Americus Firefighters Relief Association offered evidence in support of a finding of a population of 1,492 and assessed tangible property valuation of \$56,385,350. The July 1, 2012 Kansas Certified Population revealed 1,507 with a 2012 Kansas Assessed Tangible Property Report valuation of \$9,947,799.

The presiding officer therefore makes findings of fact consistent with the above evidence.

Conclusions of Law

Based upon the evidence and subject to the limitations discussed herein, changed circumstances are found to exist for the Applicants as noted above, to support a redetermination of the proportionate amounts payable to all firefighters relief associations from the Firefighters Relief Fund for 2013 and future distributions pursuant to the Firefighters Relief Act, specifically K.S.A. 40-1706(c)(6).

K.S.A. 40-1706(c)(6) which gives the Commissioner of Insurance the authority to redetermine the proportionate amounts payable to all firefighters relief associations, is silent as to the specific method by which the Commissioner is to make such a redetermination after hearing. The statute gives the Commissioner the discretion to determine how the redetermination is to be made.

To redetermine the proportionate amount payable to all firefighters relief associations, the Commissioner has previously determined and continues to hold that the additional population and assessed tangible property valuation added above shall

be treated separately, as a nonreceiving association, and these figures of the additional population and assessed tangible property valuation of each association will be placed into the formula used to determine the proportionate amounts payable to nonreceiving associations, as contained in K.S.A. 40-1706(c)(6) and K.A.R. 40-10-16.

The procedure described above shall affect the proportionate amount payable to all firefighters relief associations.

Associations that were deemed to have withdrawn their application did not complete the application for redetermination process as provided by K.S.A. 40-1706(c) and were not considered for redetermination for purposes of this hearing and are not prohibited from being considered for redetermination next year. However, it was determined that the Olathe Firefighters Relief Association (Exhibit 39) based their decision to attempt to withdraw on data received from the County Clerk which was later determined to be incorrect. Research, using the 2012 Kansas Certified Population and the 2012 Kansas Assessed Tangible Property Report revealed that the population and valuation increases were sufficient to support a change in circumstances, and therefore the attempted withdrawal is void and redetermination will be made on the better evidence admitted.

Determination of Public Policy

The presiding officer previously ordered that from 2009 and forward that the distribution to the FRAs that redetermine in the state of Kansas will be calculated by a formula based on the population and Assessed Tangible Property Valuation in accordance with K.S.A. 40-1706 (a) (5) (A) and K.A.R. 40-10-2 (d):

- 50% of the distribution is based on the population of the respective FRA in comparison to the entire population as certified to the secretary of state on July 1.
- 50% of the distribution is based on the assessed tangible property valuation of each FRA in proportion to the entire state of Kansas as reported by the County Clerks on the November 1 tax rolls. This formula has been codified in K.A.R. 40-10-16.

IT IS THEREFORE, BY THE COMMISSIONER OF INSURANCE, ORDERED THAT:

Changed circumstances exist as to all Applicants identified above, to warrant a redetermination of the proportionate amounts payable to all firefighters relief associations.

The changed population and assessed tangible property valuation of each applying firefighters relief association which has not withdrawn its application shall be individually placed into the formula as described in the "Determination of Public Policy" paragraph used to calculate shares of distribution. The resulting amount will be added to the amount that the applying association would receive as a receiving association's proportionate share of future distributions.

Each firefighters relief association shall receive their 2012 distribution amount calculated in accordance with K.S.A. 40-1706 on or about July, 2013.

The Commissioner of Insurance retains jurisdiction over this matter to issue any and all further Orders deemed appropriate or to take such further action necessary to dispose of this matter.

IT IS SO ORDERED THIS 17th DAY OF APRIL, 2013, IN THE CITY OF TOPEKA,
COUNTY OF SHAWNEE, STATE OF KANSAS.
