(2) RISK RATES FOR OWNER'S OR LEASEHOLD POLICIES

An owner's policy, insuring a fee simple estate, will not be issued for less than the full insurable value of the land and improvements, if any, which constitute real estate. A policy insuring a leasehold estate will not be issued for less than the full insurable value of the leasehold estate.

LEASEHOLD OWNERS

The leasehold owner's policy will not be issued for less than the fair market value of the leasehold estate.

(3) REISSUE RISK RATES FOR OWNER'S OR LEASEHOLD POLICIES

The reissue risk rate, where applicable, (see sections a, "b" and "c" below) is 60% of the published tariff in force for original insurance. Reissue risk rates apply up to the face of the previous policy, provided the outstanding policy is presented. Additional insurance up to the full insurable value of the premises will be computed at original insurance risk rates under the applicable bracket or brackets.

- a. A purchaser or lessee of real estate from one whose title thereto as owner or lessee has been insured within 10 years prior to the application for a new policy shall be entitled to the reissue risk rate for owner's insurance in an amount up to the face of such former policy, provided the outstanding policy is presented. Full risk rate as per published schedule in force will be charged for the excess up to the full insurable value of the property. On ALTA residential owner's policies, the reissue credit (if applicable) will apply only up to the original face amount of the former policy as shown in Schedule A of said policy.
- b. When acreage is platted or divided into smaller subdivisions and covered by one blanket policy, the insured will be entitled to the reissue rate on owner's policies covering parcels sold out of such subdivision within 10 years from the date of the blanket policy or until the aggregate of the policies issued on such parcels equals the face amount of the original blanket policy. Policy will be issued for a \$10.00 premium.

Thereafter, additional blanket insurance should be purchased in the applicable brackets or subsequent policies will be charged for at original rates. The status of such lot purchasers with reference to future insurance is defined under paragraph a hereof.

c. Where a mortgage policy is outstanding and an owner's policy on the same property is issued within 10 years from the date of said mortgage policy, the reissue risk rate will apply up to the amount of the balance due on the mortgage insured under the outstanding mortgage policy.

(4) REISSUE RATE FOR MORTGAGEE ACQUIRING TITLE

When the insured under a mortgage policy acquires title by foreclosure or by voluntary conveyance in extinguishment of debt, and makes application for an owner's policy, such insured or the designee for the benefit of such insured shall be entitled to the following reissue risk rate on an owner's policy up to an amount equal to the face of such previous mortgage policy upon presenting said mortgage policy. Full rate as per published schedule in force will be charged for excess insurance requested.

(5) RESIDENTIAL LIQUIDATION PROGRAMS BY FEDERAL AGENCIES

When an insured under a mortgage policy acquires title to a one-to-four family residence by foreclosure or by voluntary conveyance in lieu of foreclosure in extinguishment of debt and transfers the title to the residence to a governmental agency in connection with that agency's business of guaranteeing the repayment of said mortgage, and said agency

has acquired the residence for immediate resale, the agency may request and be entitled to the following:

a. An interim commitment to insure, issued for a term of 24 months, committing the Company to issue an owner's policy to the agency or to its purchaser.

The risk rate for the issuance of the above commitment shall be \$1.50 per thousand dollars liability or fraction thereof, subject to a \$20.00 minimum.

- b. An owner's policy issued as committed for shall be issued to:
 - The purchaser from the agency.

The risk rate charge shall be the applicable reissue rate for owner's title insurance up to the amount of the commitment, plus the regular rate for any amount in excess of the commitment.

2. The agency after the expiration of 24 months, if no transfer has been made. The risk rate charge shall be the applicable reissue rate for owner's title insurance, up to the amount of the commitment.

(6) SIMULTANEOUS ISSUANCE OF MORTGAGE AND OWNER'S POLICIES

When an owner's and a mortgagees policy or policies covering identical land are to be issued simultaneously, the rate applicable for the owner's policy shall be the regular owners risk rate. The risk rate for the mortgage policy or policies so simultaneously issued will be \$7.50 for up to an amount of insurance not in excess of the owner's policy. The risk rate on the amount of the mortgage policy or policies in excess of the owner's policy is figured at the regular original title insurance risk rates for mortgagees policies.

In all cases, the owner's policy shall be issued for the full insurable value of the premises. The title must be certified down to a date which will include the filing for record of both the deed to the mortgager and the mortgage itself. Both policies must bear identical date and the owner's policy must show the mortgage as an exception under Schedule B thereof. It is not essential that the property be acquired simultaneously with the giving of the mortgage, but this rate, where applicable, has reference to the simultaneous issuance of an owner's and mortgagee's policy or policies.

(7) SIMULTANEOUS ISSUANCE OF OWNER'S AND LEASEHOLD POLICIES

When an owner's and leasehold policy covering identical land are to be issued simultaneously, the rate applicable for the owner's policy shall be the regular owner's rate. The rate for the leasehold policy will be 30% of the risk rate for the owner's policy with which it is being issued simultaneously up to the amount of said owner's policy. The risk rate on the amount of a leasehold policy in excess of the owner's policy will be figured at the regular title insurance rate for owner's policies in the applicable bracket. Minimum premium is \$10.00.

(8) ORIGINAL TITLE INSURANCE RISK RATES FOR MORTGAGES

A mortgage policy cannot be issued for an amount less than the full principal debt. A policy can, however, be issued for an amount up to 20% in excess of the debt to cover interest, foreclosure cost, etc. A new mortgage given to renew an old mortgage debt which was originally covered by insurance is a new transaction, creating new liability, and if insured carries the original mortgage rate, unless it falls within the classification of Reissue Title Insurance Risk Rates for Mortgages or Title Insurance Risk Rates for Substitution Loans.

(9) REISSUE TITLE INSURANCE RISK RATES FOR MORTGAGES

When the owner of property on which application is made for mortgage title insurance has had the title to such property insured as owner within 10 years prior to such application, such owner shall be entitled to the reissue risk rate on such mortgage insurance of 60% of the published tariff in force for original insurance, up to the face amount of such owner's policy.

If the amount of insurance desired under the mortgage policy is in excess of the original owner's policy, the excess shall be computed at the original rates in the applicable bracket.

A mortgage policy cannot be issued for an amount less than the full principal debt. A policy can, however, be issued for an amount up to 20% in excess of the debt to cover interest, foreclosure costs, etc.

(10) TITLE INSURANCE RATES FOR "SECOND MORTGAGES"

The rates for title insurance on second mortgage transactions will be the same as on first mortgage transactions.

(11) TITLE INSURANCE RISK RATES FOR SUBSTITUTION LOANS

When a substitution loan is made to the same borrower on the same property, the title to which was insured in connection with the original loan, the following rates will be charged for issuing the policy in connection with the new loan, provided the outstanding policy is presented and the Company is informed of the unpaid balance of the loan.

(1) To compute any risk rate on a fractional thousand of insurance (except as to minimum rate), multiply such fractional thousand by the rate per thousand applicable, considering any fraction of \$100 as a full \$100.

(2) RISK RATES FOR OWNER'S OR LEASEHOLD POLICIES

An owner's policy, insuring a fee simple estate, will not be issued for less than the full insurable value of the land and improvements, if any, which constitute real estate. A policy insuring a leasehold estate will not be issued for less than the full insurable value of the leasehold estate.

LEASEHOLD OWNERS

The leasehold owner's policy will not be issued for less than the fair market value of the leasehold estate.

(3) REISSUE RISK RATES FOR OWNER'S OR LEASEHOLD POLICIES

The reissue risk rate, where applicable, (see sections "a", "b" and "c" below) is 60% of the published tariff in force for original insurance. Reissue risk rates apply up to the face of the previous policy, provided the outstanding policy is presented. Additional insurance up to the full insurable value of the premises will be computed at original insurance risk rates under the applicable bracket or brackets.

- a. A purchaser or lessee of real estate from one whose title thereto as owner or lessee has been insured within 10 years prior to the application for a new policy shall be entitled to the reissue risk rate for owner's insurance in an amount up to the face of such former policy, provided the outstanding policy is presented. Full risk rate as per published schedule in force will be charged for the excess up to the full insurable value of the property. On ALTA residential owner's policies, the reissue credit (if applicable) will apply only up to the original face amount of the former policy as shown in Schedule A of said policy.
- b. When acreage is platted or divided into smaller subdivisions and covered by one blanket policy, the insured will be entitled to the reissue rate on owner's policies covering parcels sold out of such subdivision within 10 years from the date of the blanket policy or until the aggregate of the policies issued on such parcels equals the face amount of the original blanket policy. Policy will be issued for a \$10.00 premium.

Thereafter, additional blanket insurance should be purchased in the applicable brackets or subsequent policies will be charged for at original rates. The status of such lot purchasers with reference to future insurance is defined under paragraph a hereof.

c. Where a mortgage policy is outstanding and an owner's policy on the same property is issued within 10 years from the date of said mortgage policy, the reissue risk rate will apply up to the amount of the balance due on the mortgage insured under the outstanding mortgage policy.

(4) REISSUE RATE FOR MORTGAGEE ACQUIRING TITLE

When the insured under a mortgage policy acquires title by foreclosure or by voluntary conveyance in extinguishment of debt, and makes application for an owner's policy, such insured or the designee for the benefit of such insured shall be entitled to the following reissue risk rate on an owner's policy up to an amount equal to the face of such previous mortgage policy upon presenting said mortgage policy. Full rate as per published schedule in force will be charged for excess insurance requested.

					Per Thousand
Up	to	\$50,000	of	liability	written\$2.10

Excess over \$50,000 shall be computed by reference to the date of the mortgage policy, as follows:

Date of Previous Mortgage Policy

Mortgage Policy			<u>Rates</u>
1 year or less	20%	of	regular rates
1 year to 2 years	25%	of	regular rates
2 years to 3 years	30%	of	regular rates
3 years to 4 years	35%	of	regular rates
4 years or over	40%	of	regular rates
Minimum risk premium			\$10.00

(5) RESIDENTIAL LIQUIDATION PROGRAMS BY FEDERAL AGENCIES

When an insured under a mortgage policy acquires title to a one-to-four family residence by foreclosure or by voluntary conveyance in lieu of foreclosure in extinguishment of debt and transfers the title to the residence to a governmental agency in connection with that agency's business of guaranteeing the repayment of said mortgage, and said agency

has acquired the residence for immediate resale, the agency may request and be entitled to the following:

a. An interim commitment to insure, issued for a term of 24 months, committing the Company to issue an owner's policy to the agency or to its purchaser.

The risk rate for the issuance of the above commitment shall be \$1.50 per thousand dollars liability or fraction thereof, subject to a \$20.00 minimum.

- b. An owner's policy issued as committed for shall be issued to:
 - 1. The purchaser from the agency.

The risk rate charge shall be the applicable reissue rate for owner's title insurance up to the amount of the commitment, plus the regular rate for any amount in excess of the commitment.

2. The agency after the expiration of 24 months, if no transfer has been made. The risk rate charge shall be the applicable reissue rate for owner's title insurance, up to the amount of the commitment.

(6) SIMULTANEOUS ISSUANCE OF MORTGAGE AND OWNER'S POLICIES

When an owner's and a mortgagee's policy or policies covering identical land are to be issued simultaneously, the rate applicable for the owner's policy shall be the regular owners risk rate. The risk rate for the mortgage policy or policies so simultaneously issued will be \$7.50 for up to an amount of insurance not in excess of the owner's policy. The risk rate on the amount of the mortgage policy or policies in excess of the owner's policy is figured at the regular original title insurance risk rates for mortgagee's policies.

In all cases, the owner's policy shall be issued for the full insurable value of the premises. The title must be certified down to a date which will include the filing for record of both the deed to the mortgagor and the mortgage itself. Both policies must bear identical date and the owner's policy must show the mortgage as an exception under Schedule B thereof. It is not essential that the property be acquired simultaneously with the giving of the mortgage, but this rate, where applicable, has reference to the simultaneous issuance of an owner's and mortgagee's policy or policies.

(7) SIMULTANEOUS ISSUANCE OF OWNER'S AND LEASEHOLD POLICIES

When an owner's and leasehold policy covering identical land are to be issued simultaneously, the rate applicable for the owner's policy shall be the regular owner's rate. The rate for the leasehold policy will be 30% of the risk rate for the owner's policy with which it is being issued simultaneously up to the amount of said owner's policy. The risk rate on the amount of a leasehold policy in excess of the owner's policy will be figured at the regular title insurance rate for owner's policies in the applicable bracket. Minimum premium is \$10.00.

(8) ORIGINAL TITLE INSURANCE RISK RATES FOR MORTGAGES

A mortgage policy cannot be issued for an amount less than the full principal debt. A policy can, however, be issued for an amount up to 20% in excess of the debt to cover interest, foreclosure cost, etc. A new mortgage given to renew an old mortgage debt which was originally covered by insurance is a new transaction, creating new liability, and if insured carries the original mortgage rate, unless it falls within the classification of Reissue Title Insurance Risk Rates for Mortgages or Title Insurance Risk Rates for Substitution Loans.

(9) REISSUE TITLE INSURANCE RISK RATES FOR MORTGAGES

When the owner of property on which application is made for mortgage title insurance has had the title to such property insured as owner within 10 years prior to such application, such owner shall be entitled to the reissue risk rate on such mortgage insurance of 60% of the published tariff in force for original insurance, up to the face amount of such owner's policy.

If the amount of insurance desired under the mortgage policy is in excess of the original owner's policy, the excess shall be computed at the original rates in the applicable bracket.

A mortgage policy cannot be issued for an amount less than the full principal debt. A policy can, however, be issued for an amount up to 20% in excess of the debt to cover interest, foreclosure costs, etc.

(10) TITLE INSURANCE RATES FOR "SECOND MORTGAGES"

The rates for title insurance on second mortgage transactions will be the same as on first mortgage transactions.

(11) TITLE INSURANCE RISK RATES FOR SUBSTITUTION LOANS

When a substitution loan is made to the same borrower on the same property, the title to which was insured in connection with the original loan, the following rates will be charged for issuing the policy in connection with the new loan, provided the outstanding policy is presented and the Company is informed of the unpaid balance of the loan.
