In accordance with the statute, insurance companies organized under the laws of this state must pay an annual tax of two percent (2%) upon all premiums received on risks located in this state. However, a credit to this tax is provided as follows:

“... for tax years 1984 and thereafter, any taxes paid on business in this state pursuant to the provisions of K.S.A. 75-1508 [Fire Marshal Tax] and amendments thereto and the amount of firefighters relief tax credit determined by the commissioner of insurance.” [Emphasis added]

The statute further provides:

“The amount of the firefighters relief tax credit for a company for the current tax year shall be determined by the commissioner of insurance by dividing (A) the total amount of credits against the tax imposed by this section for taxes paid by all such companies on business in this state under K.S.A. 40-1701 to 40-1707, inclusive, and amendments thereto for tax year 1983, by (B) the total amount of taxes paid by all such companies on business in this state under K.S.A. 40-1703 and amendments thereto for the tax year immediately preceding the current tax year, and by multiplying the result so obtained by (C) the amount of taxes paid by the company on business in this state under K.S.A. 40-1703 and amendments thereto for the current tax year.”

RETLIATORY SUMMARY SHEET

**K.S.A. 40-253                      Payment of fees and taxes in other states by Kansas companies;  
retaliatory measures, when.**

Whenever the existing or future laws of any other state or country shall require from insurance companies or fraternal benefit societies organized under the laws of this state, applying to do business in such other state or country, any deposit of securities in such state or country for the protection of policy holders therein, or any payment for taxes, fines, penalties, certificates of authority, licenses, fees, or compensation for examination, including taxes or fees based on fire premiums, greater than the amount required for such purposes from insurance companies or agents of other states by the then existing laws of this state, then, and in every case, all companies and agents of any such state or country, doing business in this state shall make the same deposit, for a like purpose, with the commissioner of insurance of this state, and pay to the commissioner of insurance for taxes, fines, penalties, certificates of authority, licenses, fees, or compensation for examination, including taxes or fees based on fire premiums, an amount equal to the amount of such charges and payments imposed by the laws of such other state or country upon the companies of this state and the agents thereof. The provisions of this section shall not apply to special purpose assessments or guaranty association assessments both under the laws of this state and under the laws of any other state or country, and any tax offset or credit for any such assessment shall, for purposes of this section, be treated as a tax paid both under the laws of any other state or country.

---

**INSTRUCTIONS**

1. The items listed in Column (1), lines 1 through 12, are the charges and payments imposed by the laws of Kansas. Payments to Kansas recorded by the department have been pre-populated in column 2, lines 1 through 9b, and are presumed correct except for mergers or extraordinary events. Each company is required to enter the amounts of all charges due or payments made to Kansas in Column (2) which have not already been entered or which are incorrect.
2. Amounts to be entered in Column (3) for lines 1 through 12, must be based on charges and payments which would have been payable by a similar Kansas company doing business in your company's home state. Lines 13 through 24 are provided for your company to enter charges and payments required of a Kansas company doing business in your company's home state that are not included in items on lines 1 through 12.
3. Lines 8a, 8b, 9a and 9b of Column 2 should include \$5 for each original certification and each renewal certification paid by a non-domestic company to the Kansas Insurance Department for each resident agent, resident agency, nonresident agent and nonresident agency during the above tax year. Column 3 for each of these lines should include the total amount that a similar Kansas company would pay based upon the **same number of certifications and renewals issued in Kansas** but using the fees assessed by your company's state of domicile. For your convenience these total dollar amounts have been pre-populated and the quantity of each type of appointment also has been listed from the department's database. In rare circumstances, where late appointments are more than one year old, the quantities multiplied by the appointment fee may be a few dollars less than the total dollars shown.
4. It is the company's responsibility to make certain that all items required of a Kansas insurance company doing business in your home state be listed in Column (1) and the corresponding charges or payments entered in Column (3) of this Summary Sheet. A proper and complete retaliatory computation is required by the Kansas retaliatory statute cited above. **Submit a copy of the home state premium tax return to assist in verification.**

**Section I. “Health Insurance” and “Health Benefit Plan”**

The purpose of requesting this information is to determine each company’s total share of health insurance premium received in Kansas to calculate the proper assessment for each respective company for the purpose of funding the Kansas Health Insurance Association and Experience Statistical Reporting Plans in accordance with the provisions contained in K.S.A 40-2117, et seq. and K.S.A. 40-2251. A secondary purpose is to determine which companies will be surveyed for premium information to determine Kansas Health Insurance Association premium rates.

“Health Insurance” and “Health Benefit Plan” means any hospital or medical expense policy, health, hospital or medical service corporation contract, and a plan provided by a municipal group-funded pool, or a health maintenance organization contract offered by an employer or any certificate issued under any such policies, contracts or plans. This definition also includes a policy of stop loss or excess loss insurance coverage.

Individual, group and group blanket policies and certificates of insurance issued or delivered to any person in this state shall be included in your calculation of total premium received in Kansas. This definition also includes policies issued outside the state covering persons residing in this state.

**Section II. All Other Health Premiums (requested pursuant to K.S.A. 40-216)**

Pursuant to K.S.A. 40-216 the Kansas Insurance Department also requests premium amounts for the types of coverage shown in lines 10 through 30 and written in Kansas on an individual, group and group blanket basis. We are collecting this specific insurance premium data in an effort to better gauge the impact that could occur from health care reform or any proposed legislation related to providing health insurance in the State of Kansas.
