Good afternoon,

Please see the below comments/questions related to the proposed EHB changes:

- How is medical necessity established? Will issuers be permitted to use their currently established medical policy or will the EHB dictate?
- Could a prescription still be required for hearing aids, even though it is OTC?
- Will there be any non-dollar limit applied (e.g. 1 per ear every 2 years) and dictated by the new EHB? If no, will issuers have the option to apply a non-dollar limit?

Thank you,

**Carolyn McKune**
