Marysville, Kansas February 8, 2021

Honorable Vicki Schmidt Commissioner of Insurance Kansas Insurance Department 1300 SW Arrowhead Rd. Topeka, Kansas 66604

Dear Commissioner:

In accordance with your authorization and pursuant to K.S.A. 40-222, an examination has been conducted of the financial condition and business affairs of:

### MARYSVILLE MUTUAL INSURANCE COMPANY

with its statutory home and main administrative office at:

## 1001 BROADWAY MARYSVILLE, KANSAS 66508

hereinafter referred to as the "Company" or "MMIC". The following report on such examination is respectfully submitted.

## **SCOPE OF EXAMINATION**

The examiners performed a single-state financial examination of MMIC, a Kansas domiciled property and casualty insurance company. The last examination covered the four-year period from January 1, 2011, through December 31, 2014. This examination covers the five-year period from January 1, 2015, through December 31, 2019.

The examination was conducted in accordance with the rules, regulations, and directives of the Kansas Insurance Department ("Department") and the observed guidelines and procedures contained in the National Association of Insurance Commissioners ("NAIC") *Financial Condition Examiners Handbook* ("Handbook"). The Handbook requires the examiners plan and perform the examination to evaluate the

financial condition, assess corporate governance, identify current and prospective risks of the Company, and evaluate system controls and procedures used to mitigate those risks. An examination also includes identifying and evaluating significant risks that could cause an insurer's surplus to be materially misstated both currently and prospectively.

All accounts and activities of the Company were considered in accordance with the risk-focused examination process. This may include assessing significant estimates made by management and evaluating management's compliance with Statutory Accounting Principles. The examination does not attest to the fair presentation of the financial statements included herein. If, during the examination an adjustment is identified, the impact of such adjustment is documented separately following the Company's financial statements.

This examination report includes significant findings of fact, as mentioned in K.S.A. 40-222, and general information about the insurer and its financial condition. There may be other items identified during the examination that, due to their nature (e.g., subjective conclusions, proprietary information, etc.), are not included within the examination report but separately communicated to other regulators and/or the Company.

#### Independent Audit Reports

The consolidated financial statements of the Company were audited by Strohm Ballweg, LLP for the years ending December 31, 2015, through December 31, 2019. In each of the years under examination, the auditors concluded that the consolidated financial statements of the Company present fairly, in all material respects, the admitted assets, liabilities and policyholders' surplus of the Company, the results of its operations, and its cash flows in accordance with the accounting practices prescribed or permitted by the Department.

2

The independent auditor's work papers were reviewed and analyzed by the examiners. Significant reliance was placed on select work papers during this examination.

#### Actuarial Review

The Department retained the services of Madison Consulting Group, Inc. ("MCG"), in order to perform a review of the Company's actuarial practices and reserves held as of December 31, 2019. MCG's review consisted of evaluating certain assumptions, methodologies, and calculations utilized by the Company in the reserve setting process.

#### SUMMARY OF SIGNIFICANT FINDINGS

No significant findings were noted during the course of the examination.
